

Frequently Asked Questions

1. What can I donate?

We accept most vehicles and vessels including but not limited to cars, trucks, trailers, boats and RV's.

2. Is my donation tax deductible?

Yes. We have verified that all charities listed within this site are classified with the IRS as non-profit charitable organizations. Donations are tax deductible to the full extent of the law. Individual tax situations vary so please check with a tax professional to determine what if any tax benefit you may receive.

3. What do I need to donate my vehicle?

We would like the title to the vehicle, but if you do not have it please call us anyway. It is possible that other arrangements may be made.

4. My car hasn't run in years. Can I still donate it?

Yes, we are able to accept most vehicles running or not (exceptions include older vehicles whose value would not offset the cost of towing).

5. Can you pick up vehicles in all 50 states?

Yes, we are able to pick up accepted vehicles in the continental U.S. and Hawaii.

6. How will the car be picked up?

We will arrange to have your vehicle towed away by a professionally licensed, bonded and insured towing company.

7. How long will it take to pick up my car?

You will at least be contacted within three or four business days at the most. If you need your car picked up sooner, please let us know as we may be able to make those arrangements as well.

8. How is the value of my car determined?

In short, the IRS allows you (the donor) to assess the fair market value of your vehicle. We will provide you with a donation receipt to verify that you made the donation, but the receipt will not indicate the value. We suggest that you refer to the [Kelly Blue Book](#) and print out the Private Party Value for your vehicle and retain this with your donation receipt. Don't forget to take into consideration the mileage and condition of your vehicle when assessing its fair market value.
